Subject: Comment to IRIS Handbook Panel : Re Process
Attachments: IRIS Handbook Panel Composition Comments March 12 2021.pdf

Ray - please include this in the IRIS Handbook Review Committee record, and submit the letter to Lisa Bero and the panel members. This is a request to open a public comment period to solicit additional members to the panel on behalf of three of the public commenters. I can also submit to the NRC website through the public portal for submitting comments to the panel.

Please confirm receipt of this comment.

Thanks
